

SUPPORT SAFETY AND DETER THEFT

with a Scalable,
Low Voltage
System Design

LOW VOLTAGE SYSTEM DESIGN

Our **Low Voltage System Design** services optimize uptime and scale your communication, data, audio/video, and video surveillance operations. Whether it's a revamp of an existing structured cabling system, a simple network cabling installation, or a significant project that includes a full gamut of Video Security and Alarm, Access Control, and Audio-Visual Technologies, our team of experts can design a reliable low voltage system to meet your application's exact needs.

We Specialize in:

- Self-Storage Low Voltage System Design
- HOA-MDU Apartment Community Low Voltage System Design
- Industrial Warehouse and Logistics Low Voltage System Design

LOW VOLTAGE SYSTEM DESIGN

ACCESS CONTROL TECHNOLOGIES

BY JANUS INTERNATIONAL

Services Include:

- Site Survey and Project Analysis
- Low Voltage Structured Cable Design and Engineering Services
- Low Voltage Copper, Fiber Optic, and Coaxial Cabling Installation
- Wireless (Wi-Fi) Network, and Point-to-Point/Point-to-Multipoint Wireless Systems
- Routine Maintenance and Service

Low Voltage System Options:

- Horizontal Cabling Low Voltage System Design
- Vertical (Backbone) Cabling Low Voltage System Design
- Telecommunications Enclosure Low Voltage System Design
- Entrance Facility Low Voltage System Design
- Work Area Components Low Voltage System Design
- Consolidation Point Low Voltage System Design

ACCESS CONTROL TECHNOLOGY

Offers the latest in innovation and design and are created to help you improve your operational efficiencies and extend your capabilities all while securing and protecting valuable assets, resources, and people.

STRUCTURED CABLING

Designed to optimize your business communication, data transfer, and video surveillance operations with an effective network and cable infrastructure system.

SURVEILLANCE & ALARM

Includes a variety of sizable systems that are designed to deter theft and vandalism from occurring at your business or residential community.

SECURITY GATES

Designed to secure your property and prevent unauthorized access.

SERVICE & MAINTENANCE

Customized packages are designed to keep your access control and security systems running at peak performance while protecting you from typical unexpected expenses.
