

PREVENT UNAUTHORIZED ACCESS TO YOUR PROPERTY

with State-of-the-Art
Security Gates

PEDESTRIAN GATES

The **ACT pedestrian gate** is made from powder-coated steel for years of durable protection against rust and corrosion. It incorporates self-closing hinges for ease of use and offers added security with expanded metal welded directly to the pickets to help avoid unwanted entry from the outside.

Our Pedestrian Gates:

- Includes a standard, keyed lever on the outside and a crash/panic bar on the inside
- Comes with a temporary header removed in the field after installation, ensuring everything is kept in place until the final destination
- Plenty in stock in Salisbury, NC, with plans to expand our stock locations to Cartersville, GA, Houston, TX, Las Vegas, NV, and Anaheim, CA, creating lower shipping costs
